ADDITIONAL RENTAL INFORMATION

PRICING POLICY:

Long-term rental prices are monthly and in CHF (up to 4 years).

The initial price is for a car with a logo.

Fuel is included in all rental prices (at CERN petrol stations only) & has unlimited mileage.

INSURANCE POLICY:

All long-term cars are insured under RC coverage except for the cars with no logo which are insured under CASCO coverage.

In exceptional cases, a car with logo needing a Casco coverage (e.g., cars put at disposal of contractors) the monthly rental price is increased with 100 CHF (matching the non-logo pricing).

RESERVATION & LATE RETURNS POLICY:

Reservation is only possible for a vehicle category, not for a particular model of vehicle – the pictures illustrate the model SIPP codes mentioned above.

Late returns for rentals induce big operational problems with associated costs; in consequence a significant penalty fee will apply as is the case in other car rental operations.

In case of late return of TS/YETS/LS cars; as these cars are in consequence returned late to the supplier, CERN pays a penalty of 250CHF/month (current contract).

TERMS & CONDITIONS OF USE – CERN VEHICLES

GENERAL RULES

CERN cars can only be used for official travel, following the Operational Circular No.4. In particular, “Use of vehicles for private purposes (e.g., for transporting family members or for shopping) is prohibited in all circumstances, including in the context of standby services”.

This service has been designed for a rental period of 4 years (with a minimum of 3 years due to customs commitments). In case of a contract breach before the end of the aforementioned period, extra costs may occur.

Smoking is prohibited in all CERN vehicles.

Sublet or hire CERN vehicle to any other person is strictly prohibited.

It is expected that all users of CERN cars read our original T&C available on our website: <https://sce-dep.web.cern.ch/car-fleet>
