# **ADDITIONAL RENTAL INFORMATION**

## **PRICING POLICY:**

Short-term rental prices are daily and in CHF (as from half a day up to 3 months).

Fuel is included in all rental prices (at CERN petrol stations only).

The rental cars have unlimited mileage.

## **INSURANCE POLICY:**

All short-term rental cars are without logos.

All short-term cars are insured under CASCO coverage.

## **RESERVATION & LATE RETURNS POLICY:**

Reservation is only possible for a vehicle category, not for a particular model of vehicle – the pictures illustrate the model SIPP codes mentioned besides.

Late returns for rentals induce important operational problems with associated costs; in consequence, a significant penalty fee will apply as is the case in other car rental operations.

# TERMS & CONDITIONS OF USE – CERN VEHICLES

## GENERAL RULES

CERN cars can only be used for official travel, following the Operational Circular No.4. In particular, “Use of vehicles for private purposes (e.g. for transporting family members or for shopping) is prohibited in all circumstances, including in the context of standby services”;

Smoking is prohibited in all CERN vehicles.

Sublet or hire CERN vehicle to any other person is strictly prohibited.

It is expected that all users of CERN cars read our original T&C available on our website: <https://sce-dep.web.cern.ch/cars>
