# BOOKING VIA THE APPLICATION

Login URL: [app.glide.io](https://app.glide.io)

Downlaod:  
"glide.io"

A screenshot of a mobile application login screen. At the top, the status bar shows "SFR 4G", "10:27", and "45 %". The screen title is "Log in". Below the title are two input fields: "Email" and "Password" (with an eye icon for visibility). A link for "Forgot password?" is positioned above a blue "Log in" button. Below the button is the word "or" and another blue button labeled "Login with SSO". At the bottom, the text "Don't have an account?" is followed by a blue "Sign up" link.

# BOOKING VIA THE WEBSITE

6

Accept the terms and conditions

7

Click on " Confirm reservation ".

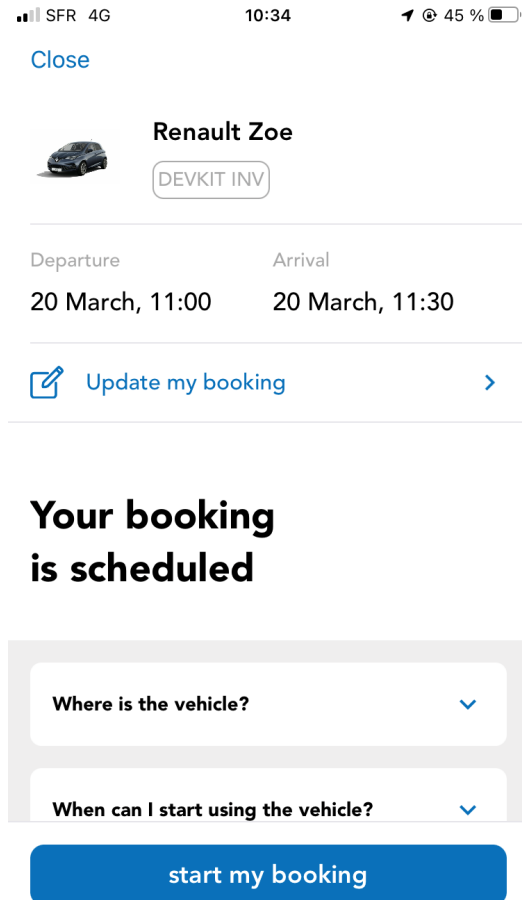

8

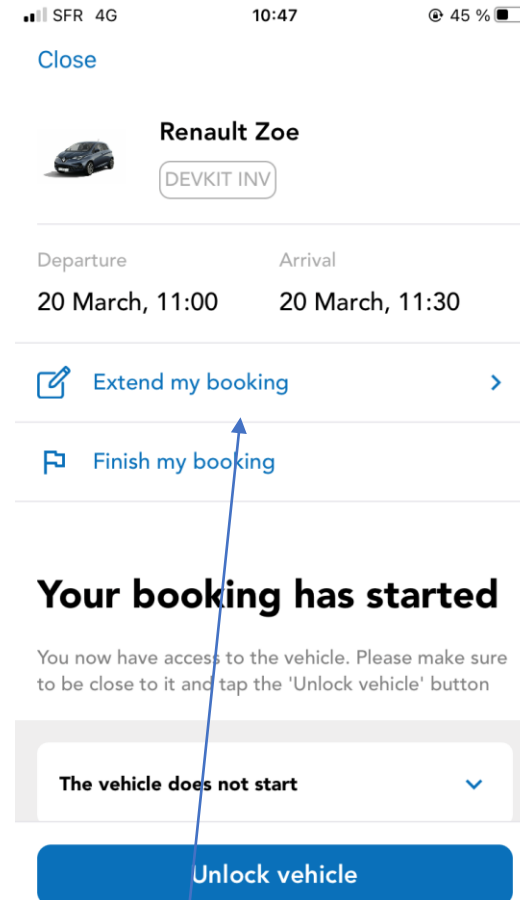

The reservation is confirmed. You will receive a confirmation email

# START BOOKING : **APPLICATION**

# START BOOKING : APPLICATION

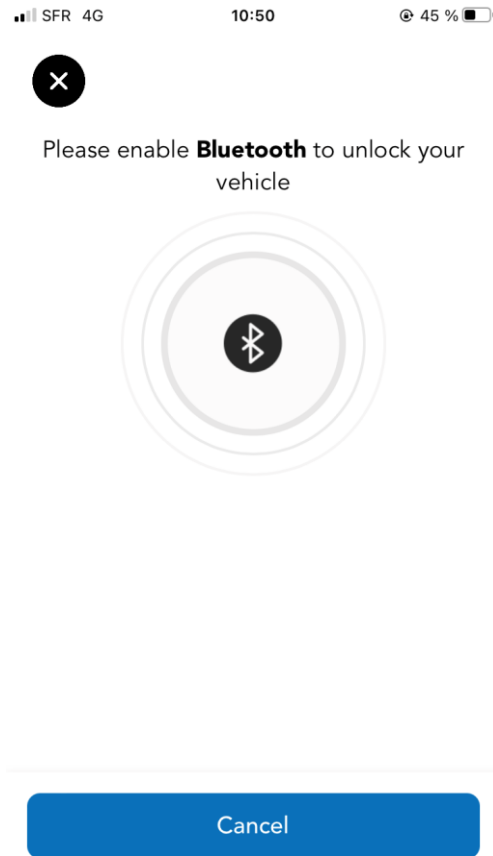

Start the reservation by clicking on the "Start" button  
This step does not require to be next to the vehicle, but in a 3G/4G zone

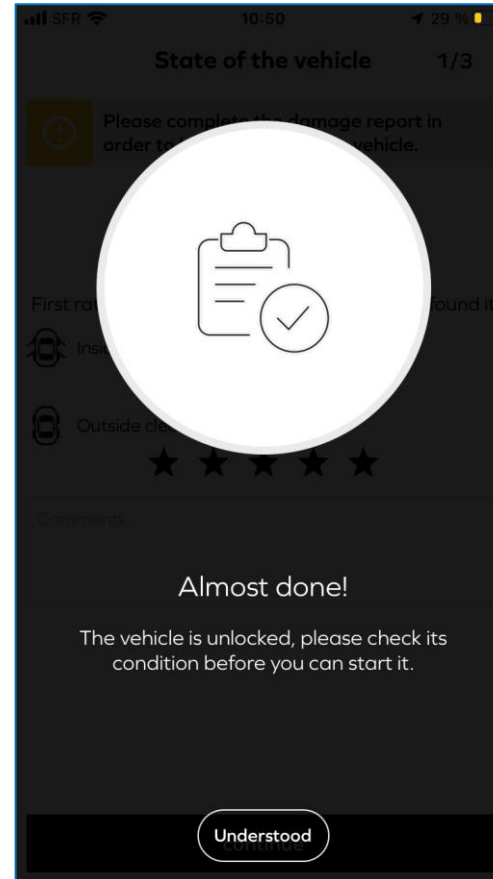

You can extend your reservation at any time

Click "Unlock vehicle" to unlock the vehicle doors. Be sure to activate your Bluetooth beforehand and get close to the vehicle.

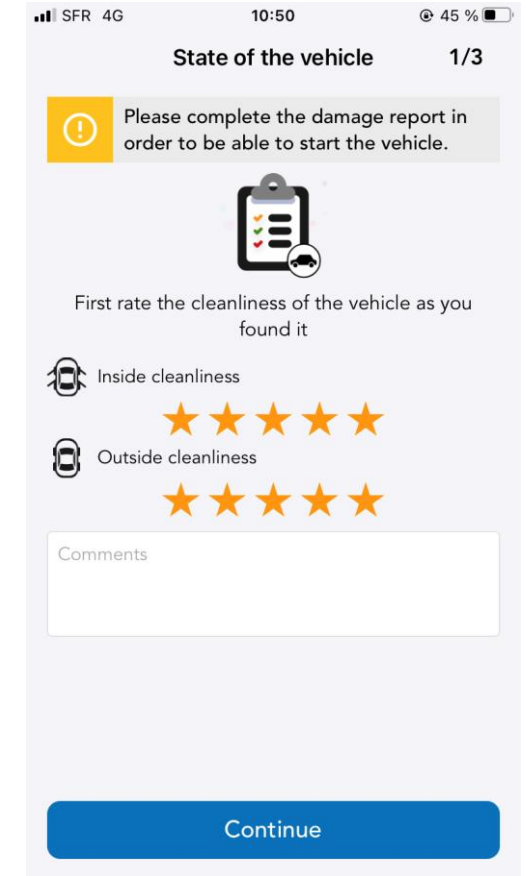

# START BOOKING : APPLICATION

This screen will appear while your phone is pairing with the box via Bluetooth

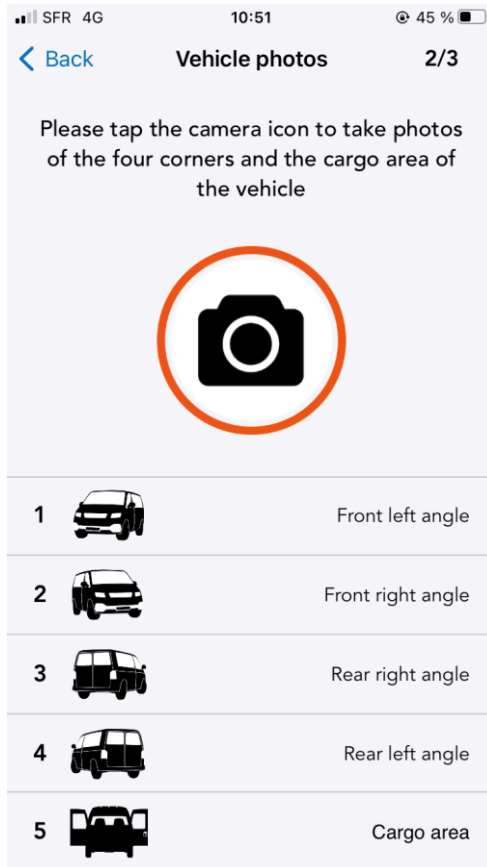

Once the doors are opened, all you have to do is complete the vehicle's inventory of fixtures

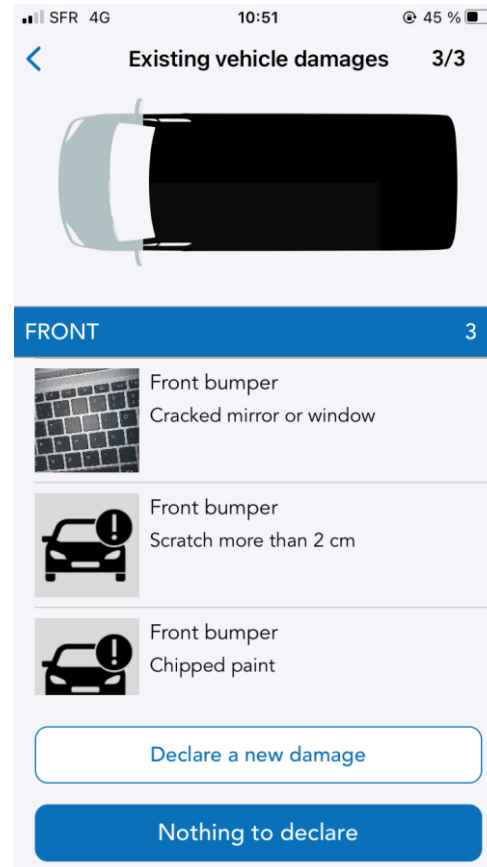

You can note the general state of cleanliness of the vehicle by adding a comment

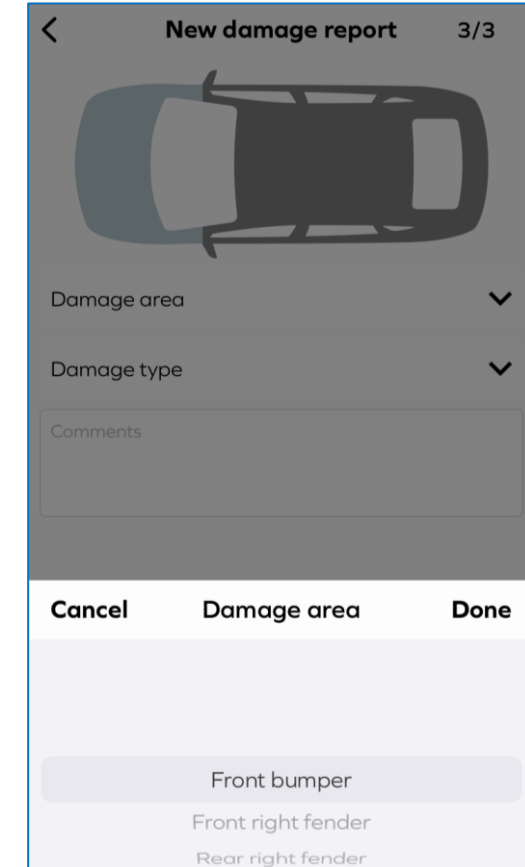

# START BOOKING : APPLICATION

You must take 4 photos to attest to the current condition of the vehicle. A filter will help you to frame the picture properly. Don't put yourself in danger to take these pictures!

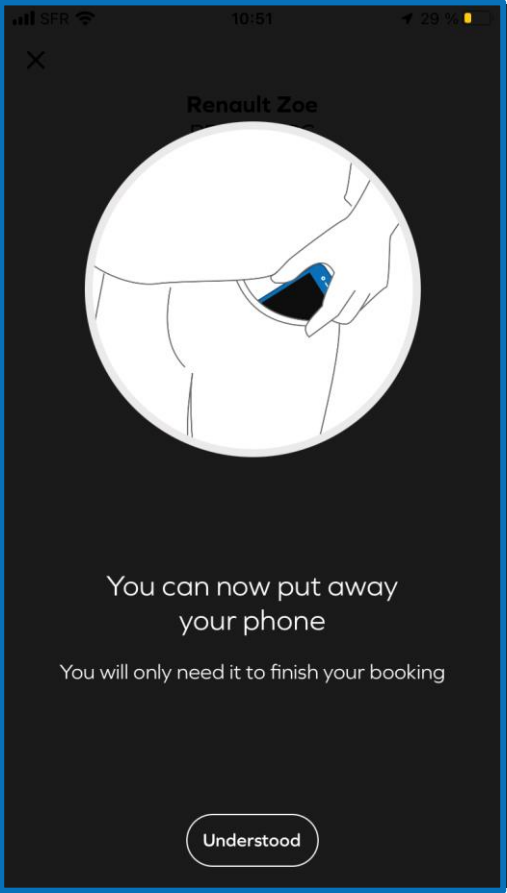

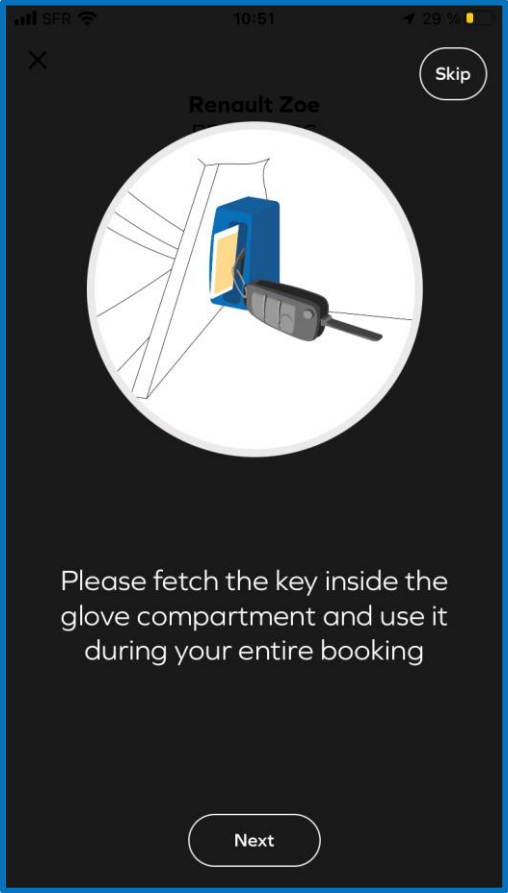

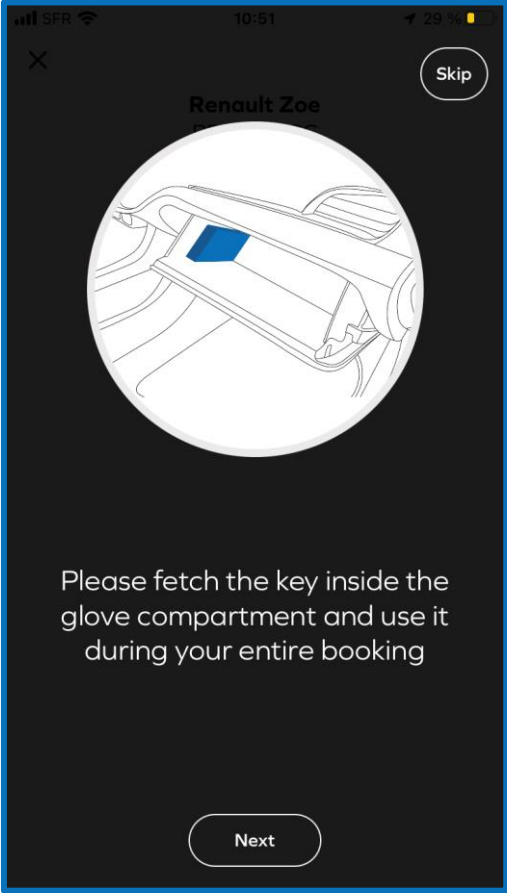

You will then have to take an inventory of the vehicle. You have the choice between "Declare a damage" or "Nothing to declare".

A drop-down list of choices concerning the "Damage area" will allow you to choose the area concerned

Once the "Damage area" is selected, you can choose the "Type of damage".

# START BOOKING : APPLICATION

Once all the steps are completed, you are accompanied to take the keys and start with the vehicle

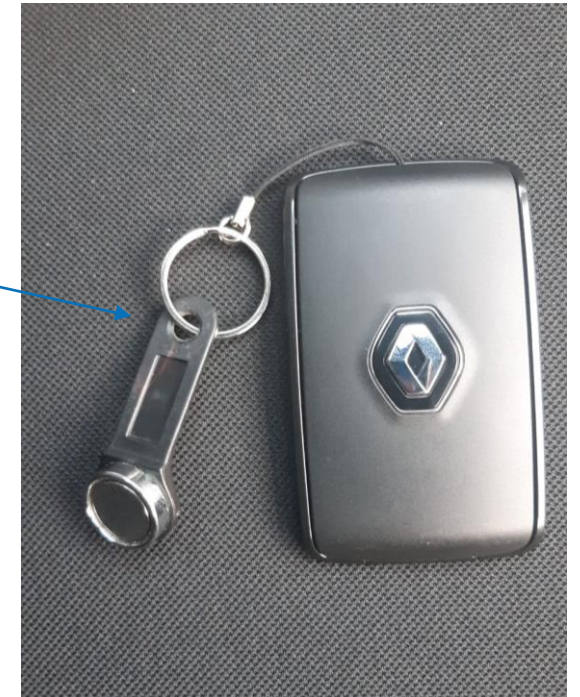

# DURING THE BOOKING : APPLICATION

Here are the elements in the vehicle and their layout

« Keyfob » allowing to detect the presence of the keys.  
It must be put back in place at the end of each reservation to finalize it

During the reservation use the vehicle normally. Lock and unlock it with the keys

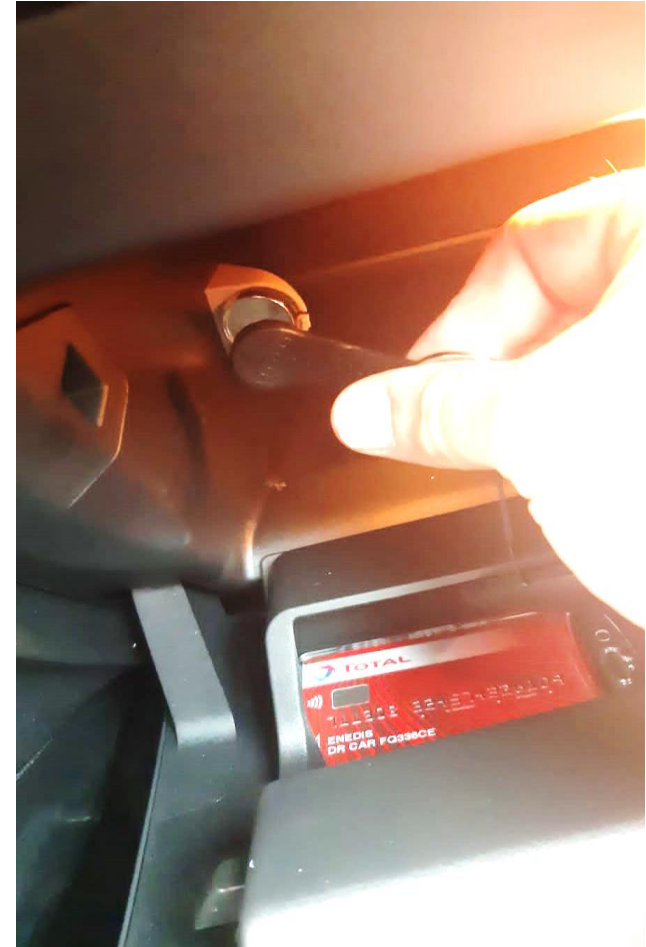

# COMPLETE THE RESERVATION: **APPLICATION**

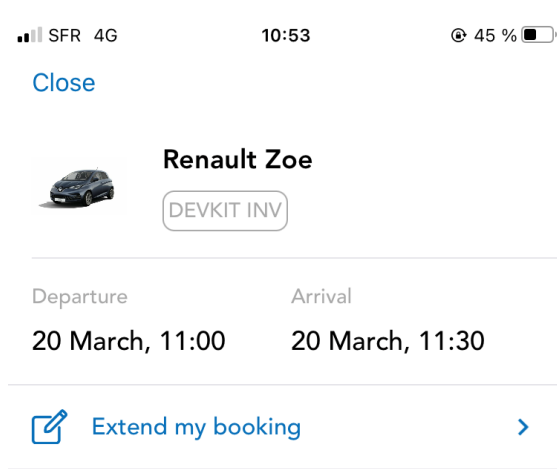

# COMPLETE THE BOOKING : APPLICATION

Before completing the booking, please make sure that:

- ✓ The vehicle is parked in the correct parking lot
- ✓ The keys are in the glove box
- ✓ The engine is turned off, the doors are closed

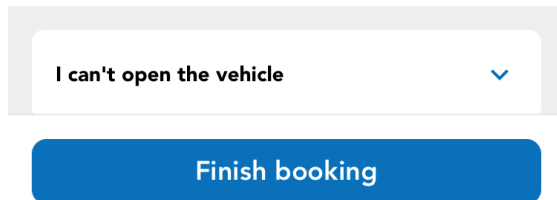

# COMPLETE THE BOOKING : APPLICATION

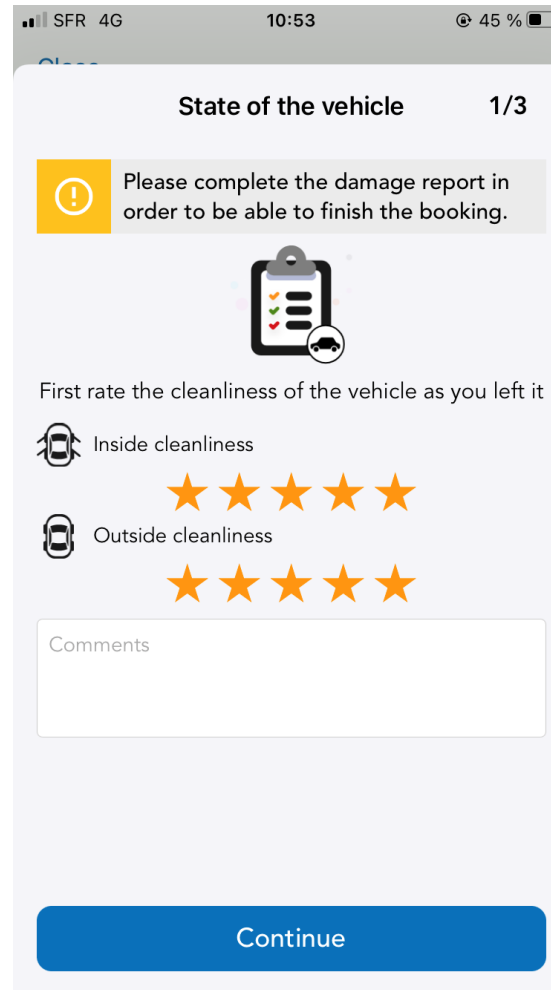

## Your booking is in progress

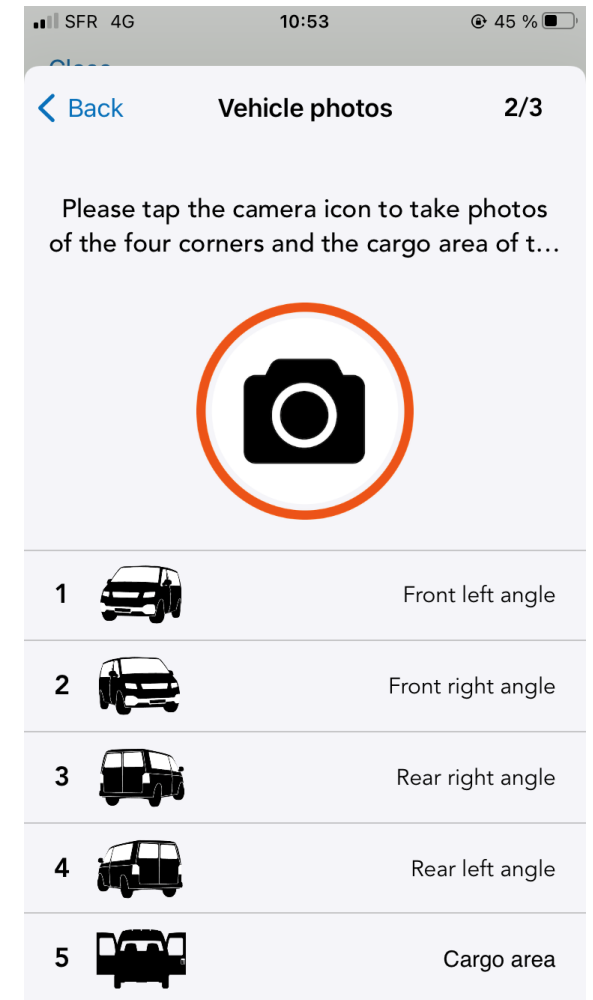

Please use the key inside the glove compartment to unlock and lock the vehicle during your entire booking

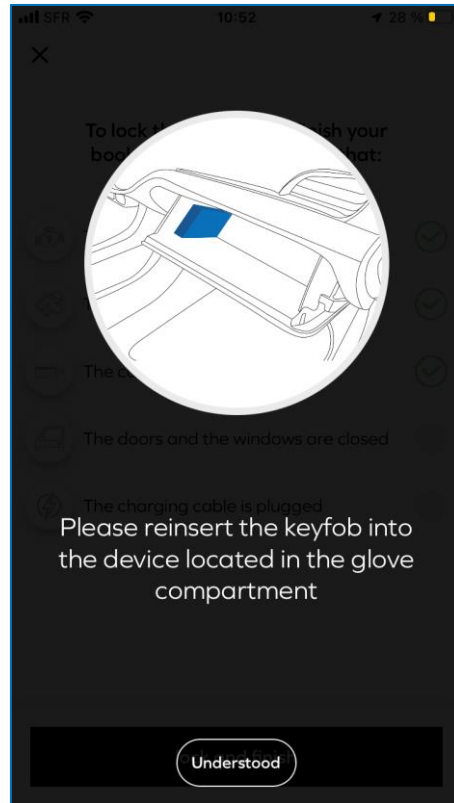

Finish the reservation by clicking on «Finish»

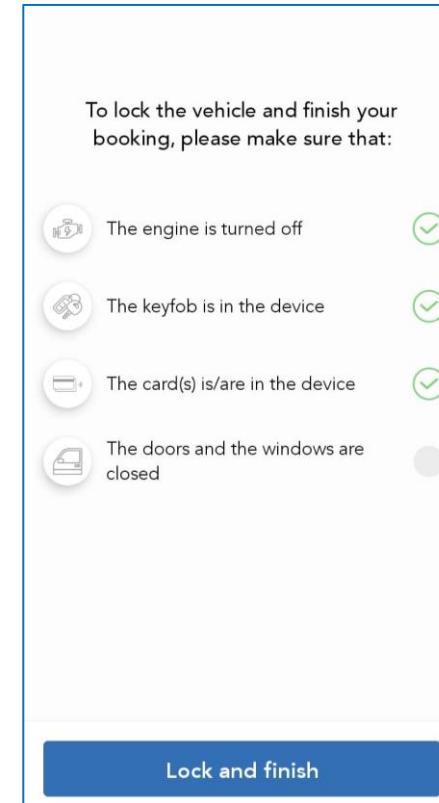

As at the beginning of your reservation, you will be invited to make an inventory of the vehicle

# COMPLETE THE BOOKING: APPLICATION

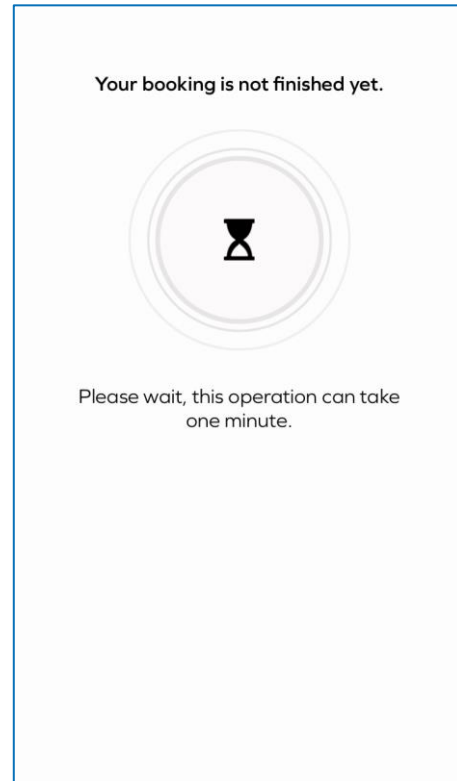

You will be prompted to return the key to its defined location

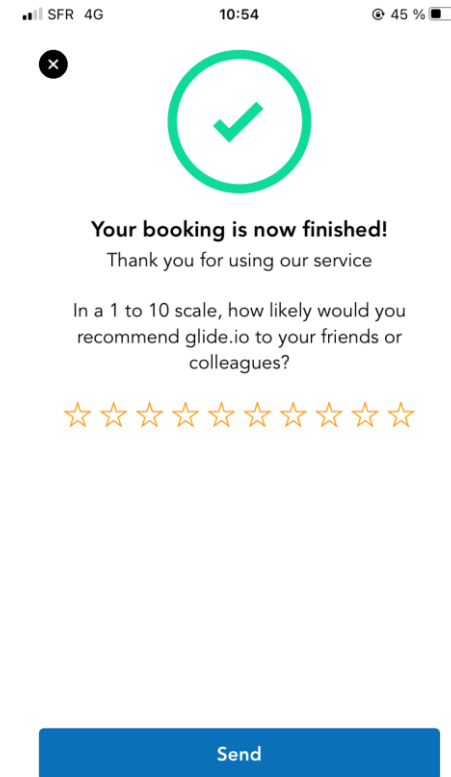

A "Checklist" will appear to confirm that all elements are detected. If this is the case, you can press "Lock and Finish".

# COMPLETE THE BOOKING: APPLICATION

Please note: the reservation is not complete: you must now return to a connectivity zone to validate this step. Feel free to move away from the vehicle as you no longer need to be next to it.

Finally, you will have the opportunity to rate the quality of our service and provide feedback.
